CAFETERIA SERVES BREAKFAST TO STUDENTS

WILL COST BUT TEN CENTS

Mrs. Rixey, New Manager, Outlines Cafeteria's Plans

The cafeteria will serve a light breakfast to Normal students between 7 and 8 o'clock, according to Mrs. S. W. Rixey, who succeeds Mrs. Shoemaker as manager of the cafeteria.

"This breakfast will cost only 10 cents," said the new manager. "We will give coffee or chocolate, a muffin, butter and an egg. Later if the girls patronize us well, we will put in a waffle iron."

"The cafeteria will be able to handle its patrons in a more speedy manner for we have installed two sets of steam heaters. Patrons may enter at either end of the building."

"The new management intends to keep up the old standard of quality. We will also reduce the price on many things."

"All the tables have been re-enamelled and the floors oiled."

"Mr. Long's sandwich counter will be open with a larger variety of things handled last year. In addition, ice cream cones will be sold from 10 o'clock on. Candy will be sold only on Mondays."

"During all of this, the cafeteria will make every effort to please and serve the Normal students."

NORMAL HUSKIES IN PUSHBALL CONTEST

Contest Will Be in Nature of Collegiate Class Rush.

The European war will be child-play in comparison with the battle royal which will be waged by the rival classes in the Senior Junior pushball contest, to be held on the athletic field Monday, September 20.

The pushball (about seven feet in diameter) will be placed in the center of the field. The men of the Junior and Senior classes will line up on opposite ends of the field, and at the signal will rush at the ball.

The object of the opposing classes will be to push the big ball into the rival territory and over the goal line. If either team succeeds in doing this within twenty minutes' time the ball will be placed in the center of the field for another rush.

The contest will be in the nature of a class rush, such as are held in all the big colleges.

Miss Mathewson, when informed of the pushball contest, said: "That's fine."

Max F. Long, President of the Athletic Club, was enthusiastic over the prospects of a successful event.

Paul Schmitt, student body president, says of the contest: "If we put this through successfully we will have made great strides toward a school spirit such as animates every college. It is up to the non-participating students to be present with their voices to encourage the huskies."

BOOK EXCHANGE OPEN

The Book Exchange, room 104 in the library basement, will be open from 11 until 3 o'clock every day during registration and from 8:30 until 4 o'clock on Wednesday, September 15.

"Second-hand text books may be purchased or rented from us," says Miss Violet Mitchell, manager of the exchange. Owners of text books who wish to rent or sell their property should bring them in soon."

Folder paper, pencils and other supplies will be in stock.

OFFICIAL REGISTRATION AND ENROLLMENT NOTICES

COMPLETE DIRECTIONS ON EVENTS OF OPENING DAYS

READ CAREFULLY TO AVOID MAKING BLUNDERS

Harriet E. Dunn, through whose kindness we print registration and enrollment news.

FRIDAY, SEPT. 10

9 A. M.—Faculty meeting.

12:30—Senior students of General Professional School and all students in special schools, in attendance at close of last year, report to group teachers for arrangement of programs and residence cards. List of group teachers will be found on page 3, column 1, of the Outlook.

1:30 to 2:30—Preliminary enrollment in classes of Senior V's and E's of General Professional School. Library.

2:30 to 4:00—Preliminary enrollment in classes of Senior C's and visiting teachers. In Library.

Enrollment in classes of students in special schools will be provided for by the directors of the several schools prior to 11 o'clock. Such students may report in Manual Arts Bldg. at 1:30 for payment of dues and filing of programs and residence cards.

Immediately after enrollment in classes (Library) students will report in Manual Arts building:

1. To make permanent copies of program, which must be approved by committee in this room.
 2. To file programs and new residence cards.
 3. To pay term dues (\$1.00) and Student Body dues (\$.25).
- Students will go to Room 107 M. H. for assignment of lockers. No last year's assignment will be recognized, or no keys issued to any student, except on presentation of receipt for term dues.

List of text books to be used in special schools will be found posted on bulletin boards of the buildings devoted to the several schools. Text books for General Professional use will be found on page 3, column 1, of the Outlook.

All former students, Seniors and Juniors, wishing to re-enter should report to the Secretary of the Faculty for classification.

SATURDAY

9 A. M.—All Juniors in attendance at the close of last term will report to group teachers.

10 to 12 A. M.—Enrollment of Juniors in classes (Library) to be followed by same procedure outlined for Seniors on Friday.

MONDAY

9 A. M.—New students report in Assembly Room in Millsbaugh Hall, where directions will be given in regard to registration and enrollment.

TUESDAY

9 A. M.—Applicants, whose names are on waiting list, report in Assembly Hall.

WEDNESDAY

9 A. M.—General Assembly. All students from all departments are expected to be at Assembly on Wednesday morning, excepting only such students as are teaching at this hour.

Immediately after Assembly, students will report at classes, in accordance with their programs for this day.

At the first meeting of each class for recitation (Wednesday or later) those whose names are on preliminary rolls will be permanently enrolled, providing they present programs bearing the stamp of the Secretary of the Faculty. The enrollment of those who do not appear or who have not been excused from attendance by the Secretary of the Faculty will be cancelled, and their places considered vacant.

Y. W. C. A. WELCOMES STUDENTS

"Every one is assured a hearty welcome at the Y. W. C. A. room on the third floor of the gym," says Miss Amy Gordon, secretary of the Normal's Christian Association.

Punch and wafers will be served to all comers from 10:30 until 4 on Monday and Tuesday.

will be rendered for the entertainment of the association's guests.

"The Y. W. C. A. will be at home to all Normal students and faculty members on Wednesday afternoon from 3 to 4 o'clock. Dr. Lloyd Miller will give a short talk to those present," the Y. W. C. A. secretary says. "Excellent music will be a special feature of the afternoon."

A. S. B. O. PRES. ISSUES PLANS

Calls on Students to Enter Activities as Parts of School Life.

We are glad to be here. Prospects for the coming year look bright. Every one of us who has been fortunate enough to register before the limit was reached appreciate the opportunity we have before us in being members of this big school family.

This institution is the largest Normal school in the United States and we have one of the finest sets of school buildings in the country. Surely these are facts of which we may be truly proud.

Paul A. Schmitt, A. S. B. O. President for term of 1915-16.

Auxiliary to the general curriculum of instruction is our student life. The activities comprising student life at Normal are athletics, publications, glee clubs, literary clubs, dramatic societies and I hope this year we may add oratory and debating. The range of interests is wide and certainly there is not one of us who will not take active part in one or more of these fields of student body activity.

If Normal ever lacked school spirit it is a fact of ancient history. We have a live student body and I believe every one will do her or his part to make the year a successful one from scholastic, athletic and social standpoints.

The life of the school should be informal and friendly. We should avoid cliques and exclusiveness. Let us heartily support all undertakings of the student body. Let us back up the athletic teams in true collegiate style. We should establish our school customs; have our songs and yells, and give our school colors their proper place.

As our student life should be democratic, so should be our student government. The plan of the student body organization is so made that many have an active part in the control of our student activities. The officers you have elected to serve you want your suggestions. Make it a point to become acquainted with the executive and council members which you will elect from your group. They can introduce any business before their respective assemblies which you feel should be brought before them.

Popular student government and the spirit of good-fellowship which pervades the whole school atmosphere speaks for a year which will go down in the annals of Normal school history as a most successful one.

PAUL SCHMITT,
President A. S. B. O.

BEAUTY SPOT

The most beautiful spot on the whole Normal campus is the stage entrance back of Millsbaugh hall. This information is contained in an article appearing in a prominent architectural magazine.

MISS SNYDER BACK TO RESUME HER WORK

BELIEVES IN STUDENTS

Will Be in Science Building to Meet Old Friends

The return of Miss Michael B. Snyder, head of the History department, and one of the school's strongest faculty members, after a year's rest and travel in the east, is present for the fall opening.

Her return is attracting much attention among both students, friends and teachers.

Her twelve-months' relaxation from onerous school duties has left Miss Snyder more eager than ever to resume her important work as head of the History Department.

When asked her opinion of the field in which a comparatively new teacher's help and interest would be most vital Miss Snyder replied quickly "Student Activity."

Already a firm believer in the ability of students to take an active part in school affairs, Miss Snyder stands among those most anxious to develop the executive and administrative as well as the mental and physical qualities of the Normal students.

The great change in spirit and environment impressed Miss Snyder even more than she had expected, prepared as she was by copies of last year's Outlook, recording student activities, and by many letters from student and faculty friends.

That a new era has begun, full of prosperity and progress in student development was the thought uppermost in Miss Snyder's mind as she was conducted through the campus.

During most of her absence Miss Snyder devoted her time to the serious business of recovering from an overdose of hard work and concentration on pedagogical duties. However, twelve months was ample time for a thorough enjoyment of the eastern atmosphere, which according to her expectations, was not so bad after all.

"Nothing but the best" is the slogan which Miss Snyder means to apply, as of old, to class work and student progress in all branches of their activities.

Miss Snyder's office will be in a room of the Science Building, close to the heart of student activities, where she expects to begin operations by thoroughly acquainting herself with affairs, students and new teachers.

MISS PORTER UNABLE TO RETURN

Taken Ill with Pleurisy in the North.

Owing to a severe attack of pleurisy Miss Mary Burney Porter, appointment secretary, will be unable to return to Normal at the opening of school.

While in San Francisco attending the N. E. A. and the fair, Miss Porter was taken sick with what was thought to be pneumonia. Later, however, the doctors called her illness pleurisy.

Word received from Miss Porter's sister reports her condition as very much improved.

Miss Waddle will take charge of the appointment department until the secretary's return.

MEN'S CLUB ROOM

Through the kindness of President Millsbaugh, the men of the school have been given the use of a large room in the Science Bldg.
